

Our Public PAGE: www.facebook.com/GDSTC

The Public "facebook" PAGE, referenced above, is our vehicle for providing public viewers and Scottish Terrier fanciers information through the "facebook" media format. While the public may wish to post to this page, each will be handled as a request that must pass through our editors prior to any posting being viewable.

For those individuals interested in joining our Club go to our Membership Web page for more information.

Our Private PAGE:

The "facebook" "Closed Group" is only for members of the GDSTC and shows them much more timely and fluid information as respects the GDSTC.

This is a closed "facebook" group (intended for posting and viewing only amongst current and fellow Club members): of events, photos and the like, which are not viewable to the general public. Accordingly, the "Admin" will monitor and take steps to limit requests for "facebook" membership on this "Closed Group" to only current members of the Club who also have an active "facebook" account.

Our Website:

This website shows more basic information, helpful to both its members and the general public.
